

### Description

Cimclean SC31-920 is a high flashpoint hydrocarbon solvent cleaner, which is fast drying and compatible with all materials.

### Application

Cimclean SC31-920 is designed for use as a general-purpose degreaser for diptank as well as manual brush type (in-process and maintenance soil removal) applications.

### Features and benefits

- Excellent general purpose degreaser leaving no residue after evaporation.
- Universal – compatible with all materials including copper and it's alloys.
- Mild odor – improving working environment.
- Safe – based on low aromatic high flashpoint solvent
- Complies with the following FDA regulations::
  - FDA 21 CFR 172.882
  - FDA 21 CFR 172.884
  - FDA 21 CFR 178.3530
  - FDA 21 CFR 178.3650

## Technical data

	Test methods	Typical characteristics
Base		Solvent
Colour	Visual	Clear, colourless
Flashpoint	ASTM D93	70°C
% Non volatile	ASTM D2369 (modified)	0
Typical concentration		Neat

Above figures are typical of those obtained with normal production tolerance and do not constitute a specification.

## Method of application

Immersion, manual

## Handling and storage

Store at room temperature.

## Packaging

5, 20, and 200 liter.

## Safety Data Sheet

The Safety Data Sheet should be consulted for specific information and information on Health, Safety and Environment when handling this product.
